

Rick's Margaritas

We usually have chips and margaritas aboard the boat before our Mexican dinner. This recipe sounds strange but is a favorite of many of our guests.

One Can (8 oz) limeade
1 can beer
Tequila

In a pitcher, put the limeade and beer. Fill the empty limeade can with tequila and add to the pitcher. Mix well and serve in salted glasses over ice (It's better if you have fresh glacier ice that you have just collected!). Simple and easy!
